

Induction heating with automatic hood

The Series 20 induction hob promises fast, efficient heating for every meal. And when paired with Hob2Hood®, cooking smells are automatically extracted. The hood's fans are wirelessly connected to the hob, and will speed up or slow down depending on the temperature.

The Series 20 induction hob promises fast, efficient heating for every meal. And when paired with Hob2Hood®, cooking smells are automatically extracted. The hood's fans are wirelessly connected to the hob, and will speed up or slow down depending on the temperature.

Product Benefits & Features

Induction hob is easy to clean, fast and safe

Induction technology only heats the base of the pan, so the surrounding area will remain cool to the touch. And seeing as the surface is completely smooth, it's easy to clean with the wipe of a damp cloth.

Automatic fans, with Hob2Hood

With Hob2Hood technology, the fans overhead will adjust on their own based on your hob's settings. As you cook, the fans will speed up or slow down to match any temperature changes you make. So you can forget about hood settings, and focus on your tasty meal.

Swipe for temperature control with Direct Touch

Direct Touch control is built for simplicity, letting you change each hob's temperature setting with your fingertip. Just slide it over the touch-sensitive panel.

Intense heat when you need it, with PowerBoost

The PowerBoost function is designed for intense heat on demand, by quickly bringing water to a boiling point or turn up the temperature under your griddle pan for searing and sealing steaks. Built for convenience, to make preparing your favourite meals easier.

No overcooking with Timer function

When the timer you've set runs out, the hob will automatically switch off the heat. It can be set to a maximum limit of 1.5 hours, which means that even if you're concentrating on a few different things at once, your meal will be ready when you are.

- Wipe clean ceramic hob surface
- 4 Induction zones with Powerboost
- Child lock safety function.
- 99 minute timer with acoustic signal
- Easy to reach front controls

Product Specification

Series	Series 20
Main Colour	Black
Plug or Hardwired	Hardwired connection only
Dimensions (mm) (WxD)	780x520
Built-in Dimensions (mm) (HxWxD)	44x750x490
Cord Length (m)	1.5
LED Colour	Red
Left Front - Power/Diameter	2300/3200W/210mm
Left Rear - Power/Diameter	2300/3200W/210mm
Right Front - Power/Diameter	2300/3200W/210mm
Right Rear - Power/Diameter	2300/3200W/210mm
Gas Supply: Natural Gas	No
LPG Conversion Kit Included	No
Product Number (PNC)	All Open
Control Functions	3 step residual heat, Acoustic signal, Automatic heating-up, Booster, Child-lock, Hob-hood connection, Key-lock function, Minute minder, Pause, Timer
Pan Support Type	No
Number of cooking zones	4
Hob Type	Induction Full
Frame Type	Frameless Square
Hob Safety	Automatic Switch Off
Total Electricity Loading (W)	7350
